**Full Name:** Ganesh M
**E-mail:** ganmks@gmail.com                                      **Mobile:** +91 9840983239

To obtain a challenging entry-level DevOps Engineer position where I can apply my technical skills and knowledge to support the development, deployment, and management of software applications.

## SUMMERY

- Graduate in Computer Science with a strong understanding of software development and DevOps principles.
- Hands-on experience in cloud computing and infrastructure management using AWS.
- Knowledge of configuration management and deployment tools such as Ansible.
- Familiarity with CI/CD pipelines and automation tools like Jenkins.
- Basic understanding of containerization technologies like Docker and Kubernetes.
- Strong problem-solving, analytical, and communication skills.

## Education

B. Sc degree in Computer Science from Mohammed Sathak College of Arts and Science, 2015 to 2018

## Technical Skills

- ✓ Cloud Computing: AWS
- ✓ Configuration Management: Ansible
- ✓ Continuous Integration/Continuous Deployment: Jenkins, Docker
- ✓ Version Control: Git/GitHub
- ✓ Operating Systems: Linux, Windows

**Major Projects:**

| Description | Creating CI/CD Pipeline to Build and test a website |
|---|---|
| Contribution | ➢ Implemented cloud infrastructure using AWS<br>➢ Implementation of Git workflow<br>➢ Integrating Git and Jenkins for automated Pipeline<br>➢ Implemented CI/CD pipeline using Jenkins<br>➢ Automated deployment and configuration management using Ansible<br>➢ Deployed web applications using Docker Container<br>➢ Created, maintained and monitor the server using Prometheus and Grafana |
| Technology/Tool | **AWS, Git, Github, Jenkins, Ansible, Docker, Linux** |

**Certifications**

➢ AWS Certified Cloud Practitioner
